

# ATTENDANCE OFFICER/EWO TRAINING WORKSHOP

## (Local Authority staff)

Many of those doing attendance work in local authorities (and those who manage them) have never had any formal training in the tasks they have to carry out. Attendance law is a complex matrix with as many obligations on schools and LAs as on parents.

- What is the legal framework within which we all have to work?
- What advice should we give on the use of all the various codes?
- Absences are not all the same, so what different responses are available?
- What does a good school attendance policy look like?
- What is the continuing role of the local authority and how are the statutory powers best used?

The day will also include an introduction to an AUDIT TOOL for use with individual schools. More is involved than only checking they are marking the registers correctly. Is all their practice **lawful, thoughtful, caring and effective?**

I will provide all the materials for printing and run the day. All the resources used will be sent by email after the day for distribution.

**This programme relates primarily to children of compulsory school age. There is no DfE Guidance on managing attendance outside this period but there will be an opportunity at the Workshop to discuss issues relating to Reception and sixth forms.**
